

## Important Information Cera-Trim<sup>®</sup> 2320 Series

The colored top seal and identification markings on the regular Cera-Trim Series have been changed. Instead of the color coded top seal, **all units now have a green protective process top seal and a colored identification dot** (located on the ceramic housing). No change has been made to the color code designation. Please refer to the chart below. This is an external marking change only, and has no effect on the form, fit, and function of the product.

### OLD LOCATION

### NEW LOCATION

P/N	Color Code
2320-0, 2320-0SL	Red
2320-1, 2320-1SL	Black
2320-2, 2320-2SL	Blue
2320-3, 2320-3SL	Green
2320-4, 2320-4SL	Amber

Please pass this important information along to your receiving, engineering, quality and production departments. If you have any questions or require additional clarification, do not hesitate to contact the factory.
